## General English Evening Max-6 Course

**ONE TO ONE ENGLISH**

### Course Description

Each week you study one module of our General English coursebook, which you prepare for homework – most students do about 1.5 hours homework for each course day. Each module you listen to a CD recording of a natural English conversation and you do some exercises based on this recording. In class you check your answers, discuss the vocabulary and grammar in the recording, and talk about the topics. There is further vocabulary development in the second half of each lesson with the chance to use the language in discussion with your classmates and teacher. There is also a key pronunciation point and a key grammar point to study and practise. The target language you have studied is practised again in written homework and in a review stage at the beginning of the next lesson.
